GRATITUDE FROM THE TRAIL...

FIRE ON THE MOUNTAIN: Program for Teens

"I haven't seen my son that happy and 'himself' in a while. He told me every detail of his week with so much enthusiasm... and that he decided to break off the relationship he was in. **He said, I now understand what real, healthy relationships should feel like."**

MOUNTAIN QUEST: Coming of Age

"My favorite part was summiting the pass, that last short steep scramble with the gravel giving away beneath our feet, **& the amazing feeling of looking down on a new meadow, a new valley, a new journey.** I will always be grateful for this experience."
